

20261009_PA_DAY

October 9, 2026

Target Audience: All Staff – Elementary and Secondary

Topic: Consistent Classroom Delivery and New Curriculum Updates

Length: Half day - AM

Facilitators: School Based Staff

Description:

This session will allow staff to engage in activities to explore the new Kindergarten Curriculum as well as the Science of Learning as it pertains to Reading and Early Mathematical skills. Professional development will also be provided on Ministry approved, and BSA adapted/created assessment tools to ensure consistent practices.

Target Audience: All Staff – Elementary and Secondary

Topic: AI and Cybersecurity

Length: Half day - PM

Facilitators: School Based Staff

Description:

This session is designed to help educators navigate the modern digital landscape. It has a dual focus: it will cover essential cybersecurity and online privacy practices to ensure student safety, and it will also teach educators how to effectively and responsibly use the board's approved AI tools to enhance learning and strengthen critical thinking skills. Staff will engage in activities to explore uses of AI within our specialized setting.
