During the COVID-19 pandemic, many children have been introduced to wearing face masks and seeing others in masks. Author and illustrator Marla Lesage normalizes mask-wearing by introducing young readers to artists, ranchers, pilots, welders, scientists and many more people who already wear masks in their day-to-day lives. This delightful, rhyming picture book will help explain to children why wearing a mask is important as we interact with others in our communities. Readers will learn that, when they put on their mask, they are choosing to be kind and considerate of others.
